DETAILED ACTION

This office action is in response to the application filed December 8, 2005.

Allowable Subject Matter

Claims 1-19 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art does not disclose or make obvious placing a layer of thermoplastic material between to mold halves and forming caps when the two halves are brought together and then carrying the caps as an array on the first half and the n applying the array using the first half to a wafer.

While forming caps from a material formed on a mold half is known in the art as shown for example in Fujii et al (U.S. 6,429,506) and Ohara (U.S 5,668,033), the formation of an array of caps are formed by cutting a layer, in contrast to the caps being formed from a layer between two mold halves brought together.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art in: Karpman (U.S 6,448,109), Salatino (U.S.

Art Unit: 2813

5,915,168, Yoshihara et al. (U.S. 5,824,177) and Kurle (U.S. 6,106,735) various methods of forming an array of caps on wafer.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James M. Mitchell whose telephone number is (571) 272-1931. The examiner can normally be reached on M-F 8:00-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carl Whitehead Jr. can be reached on (571) 272-1702. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
